### **Requirements to be considered :**

- 1) Nurses working full time in a psychiatric hospital, or treating patients with long term psychiatric conditions in the general ward of a hospital.
- 2) At least 18 months of full time most recent psychiatric experience.
- 3) IELTS or OET English pass.
- 4) Diploma or BSC holder. Locally registered. Your local nursing qualification DOES NOT NEED TO BE IN MENTAL HEALTH, all the client requires is mental health experience.
- 5) Willingness to register as a UK NMC mental health nurse – StawiHealth will financially support this process. Nurses who have already registered with the UK NMC as adult/general nurses can make a switch to UK mental health nursing registration. The UK NMC permits this – it is a straightforward switch and StawiHealth will provide the necessary guidance.

No agency fees payable by candidate to StawiHealth.
